Administrative Action

CONSENT ORDER

This matter was opened to the New Jersey State Board of Medical Examiners (Board) upon receipt of a Judgment in a criminal case, entered on or about January 11, 2005 by the United States District Court Eastern District of Pennsylvania, Criminal Division, in which Respondent pleaded guilty as to Count 1 of the Information for Causing the Misbranding of Drugs in violation of Title 21, United States Code, Section 331(k), 333(a)(1). (See attached). As a result of the foregoing Respondent was sentenced to thirty-six (36)

months probation, home confinement with electronic monitoring for a period of five (5) months, one thousand (1,000) hours of community service, and a thirty-thousand dollar (\$30,000.00) fine.

On April 15, 2005, the Board filed an Interim Consent Order, in which Respondent agreed to cease and desist from the practice of medicine in the State of New Jersey until the resolution of proceedings by the commonwealth of Pennsylvania, Department of State, Before the State Board of Osteopathic Medicine (Pennsylvania Board) which specifically address Respondent's federal criminal plea. On or about July 29, 2005, the Pennsylvania Board entered a Consent Agreement and Order predicated on Respondent's federal criminal plea. The Consent Order requires Respondent to pay a civil penalty of \$10,000.00, however, there were no restrictions placed on his license to practice osteopathic medicine in Pennsylvania.

As Respondent's medical practice is located in Philadelphia, Pennsylvania, and as Respondent, has represented to the Board that he has never been engaged in the practice of medicine in the State of New Jersey, the Board and Respondent seek to resolve this matter without resort to further proceedings, and the Board finding that the within Order is sufficiently protective of the public interest and for good cause shown,

IT IS ON THIS 4th DAY OF May, 2006, ORDERED THAT:

1. Effective immediately, Respondent voluntarily agrees to, and shall cease and desist the practice of medicine in the State of New Jersey until further Order of this Board;
2. In the event that Respondent seeks to engage in the practice of medicine in New Jersey license at any time in the future, Respondent shall appear before a Committee of the Board to demonstrate full satisfaction of the Pennsylvania Board Consent Order, the Judgement by the United States District

Court Eastern District of Pennsylvania, Criminal Division, and successful completion of a Board approved
Ethics course.
